

4TH NOVEMBER 2017
NATIONAL RAILWAY MUSEUM
YORK

The planning committee have once again been hard at work to secure expert lecturers to provide another educational and entertaining seminar for all in cytology

As ever, there will be a busy commercial exhibition so please book ASAP to avoid missing out!

TOPICS INCLUDE:

Biology of Cancer

**UK-wide perspective on
HPV screening**

**Histopathology Reporting
Pilot**

**Molecular aspects of Non-
-Gynae Cytology**

**The BAC is a professional association for those
working in cytology.**

**We are committed to improving the professional,
educational and practical standards for cytologists
in the UK and beyond**
